Bilateral Meetings

- 10:00 h - 13:00 h
- 14:00 h - 16:00h

Description

We're a solar powered & electric boat developing and construction company. Our aim is to deliver several models of boats alternative to fossil fuel powered boats, specially adapted to calm waters and protected ecosystems in a first phase. We're planning new models, already fit for offshore operations for the second semester of 2017.
